GLOBE Japanese Class "ASUKA"

Come Learn Japanese with Us! (Taught in English)

にほんじんと えいご で にほんご を まなぼう！

We warmly invite you to join our Japanese classes! If you speak or understand English, this is a perfect opportunity to learn Japanese in a friendly and supportive environment.

We welcome participants from all over the world, including countries like India, Malaysia, Singapore, the Philippines, the United States, the United Kingdom, Canada, Australia, New Zealand, and many more. (Even if you're not from an English-speaking country, you can join the class as long as you speak English.)

Our lessons blend both Japanese and English, making it easier for you to follow along and build your language skills step by step.

Our teaching format includes private lesson style, 1-on-1 sessions, or small group sessions of 1-on-2. This personalized setting makes it easy for you to ask questions.

Our lessons focus on conversation and the practical use of Japanese, with the support of textbooks.

Best of all, **these lessons are completely free**, as we are passionate volunteers eager to share the beauty of the Japanese language with you!
